Basingstoke Local Plan and the Upper Swallick Development

We thought it was a good time to share with you what has been going on with regard to the Local Plan and Upper Swallick.

Local Plan 2026

As you will be aware the Draft Local Plan was abandoned earlier in the year due to severe problems with the supply of drinking water to any new houses. These water problems are ongoing and there will be a hearing in October when the Inspector will look at all the issues related to the continued extraction from the Greywell aquifer and decide on whether or not to allow S.E.Water's appeal against the decision of the Environment Agency to terminate its licence.

In the meantime the Government has informed BDBC that it must produce a new plan and that it needs to be complete in 30 months.

The timetable (opposite) shows how they intend to achieve this.

This will mean a new call for sites and an entirely new Spatial Strategy.

The key dates for our input will be:

1) **October/ November 2026:** We are being asked to comment on the Scoping Documentation. You can find information on this at: *www.basingstoke.gov.uk/scoping-consultation-2026*
2) **July/August 2027:** When we will be asked to comment on the content of the plan. This will be critical as it will be when we know which housing sites are included in the plan.
3) **June/August 2028:** When we will be asked to comment on the final proposal.

At all stages through the process, we will provide you with guides to the documentation and any problems that should be noted.

The new plan is likely to cover a period of ten years with a stepped approach to housing numbers, which will increase towards the end of the plan. It is hoped that numbers in the early years will be lower than the current expectations.

Local Government Reorganisation

Despite the Government halting the process to reconsider its options, Local Government Reorganisation in this area is still on the table. The local proposal is a North Hampshire Unitary Authority which would see Basingstoke, Hart and Rushmoor coming together. At present there is no timescale for any reorganisation.

Our Local MP Alex Brewer

We have been in touch with our local MP, Alex Brewer (Liberal Democrat) to brief her on the problems of the Local Plan and the current position with regard to the Upper Swallick planning application.

Her advisor has told us that:

"Alex is currently reviewing the information you have provided, alongside the concerns that have been raised regarding local plan and the water supply. I am aware that Alex has been in correspondence with Matthew Pennycook, Housing

We will continue to liaise with her and seek her help in lobbying on our behalf.

Upper Swallick

There is very little new to add about the Upper Swallick Application. BDBC received over 1300 objections to the application with more than 300 coming from the village. There were objections from all our Local Councillors, our County Councillor and the leader of Basingstoke and Deane Council. Currently it is still being processed by the officers as there has been so much detailed information submitted. It is worth noting that it is certainly not dead as yet. Even if it is refused by BDBC it is likely to be called in by the Government for an assessment. That is why the placards around the village are so important as they express our continuing objection to the scheme. If you would like to have a placard, please contact Alan Tyler (*alanbtyler19@btinternet.com*).

Thanks for your continued support

Annual General Meeting coming up on November 26th

The Annual General Meeting and Social Evening will be held at the Millennium Hall in Cliddesden on November 26th from 7.30pm.

The AGM is our report to the members, and an opportunity for members to let us know what they think and help with suggesting the future direction of the Society. Subs are £12.00 per household, due at the AGM and we should have the programme of events for the Society for 2027 ready.

The main emphasis of the evening is the opportunity **to socialise with fellow members**, and we will be having a **short quiz** before our main refreshments. The quiz is not all about horticulture, bring your local and general knowledge which will be needed.

September Improvisation

Our Meeting in September was a quickly arranged Discussion between ourselves, as the speaker we had hoped to have was unable to join us. As it happened, we had a very interesting discussion about our own gardening experiences, exchanged our tips and thoughts, and the evening was a great success.

Grateful thanks go to all who came to the meeting and made it so memorable.

We are Looking for a Committee member – It Could be You!

We have a space to fill on the committee so if you would like to help the Society please do let us know.

We welcome new members, however you don't have to be a member to join the meetings so if you would like to come to any of the meetings, please do so. Details of meeting are advertised locally. If you would like to enquire about the Society then any committee member should be able to help.

theWI INSPIRING WOMEN CLIDDESDEN

Cliddesden WI Meeting Monday 19th October 2026

Pat Rampton, our Vice President, welcomed 12 members.

Apologises were received from Gill, Rosemary, Muriel, Christine and Diane.

Jenny welcomed our speaker Jill Bentall, who gave us a talk on "Growing Old Disgracefully".

Jill, a retired vicar from Andover started off by explaining she grew up in the 1950's and back then sociologists said "there were more young people to old, but now they say it is the other way around, more old people and less young". Part of the reason for this is the advances in medicine over the years.

Jill explained that many old people only look at the disadvantages of becoming old, like poor eye sight, not hearing or having trouble walking, but there are advantages as well. Jill said "like the special merchandise just for us!". Whilst holding up a copy of "The Oldies" magazine, there is the free bus pass, cheap rate deals, free prescription to name a few - "oh and don't forget the Saga holidays and the many cruises you now have time for!".

We heard lots of quotes and rhymes which were funny and members could relate to.

A couple of them were, "Age is an issue of mind over matter. If you don't mind, it doesn't matter" by Mark Twain and the poem "I wish I looked after my teeth" by Pam Ayers.

Jill continued by telling us that at the age of 80 in October 2024 she was awarded the OBE - "Old Biddy Extraordinaire" (proudly wearing her medal) Everyone was clapping and laughing at this!!

One of the best votes of thanks Jill has received whilst doing her talks was from a WI in a small village near Romsey, where a lady said "she was a founding member and had been coming since 1930 and this was the first time no one had gone to sleep !!".

Jill finished off by singing the Julie Andrews 70th birthday reworded song to the sound of music which was very apt!

Everyone thought Jill was an excellent speaker who had made them laugh.

Our next meeting is on Monday 16th November. Please see the poster for more information.

ROAD SAFETY SURVEY to 05 November

www.alexbrewer.uk/campaigns/road-safety-survey-1

Alex Brewer MP has an online road safety survey for constituents and parish councils. Please for everyone to take a few minutes to complete. She says...

HAVE YOUR SAY...You can complete the survey here: *https://digitallibdems.typeform.com/safety*

To better understand the road safety challenges our communities are facing I have developed a short survey. I would be grateful to hear your experiences and views.

Across North East Hampshire, many villages and towns have busy roads running through their centres. Residents regularly contact me about speeding traffic, dangerous junctions, children waiting for school buses alongside roads with 60mph speed limits.

This is about more than road safety alone. The speed and volume of traffic can affect everyday life, making it harder for people to walk locally and simply enjoy spending time in their community. Our towns and villages are places where people live, work and raise families, and local people should feel safe using them.

Local people know their roads best and can often identify problems long before they appear in official figures. Whether your concerns relate to speeding, dangerous junctions, pedestrian safety, school routes, access to public transport, or the wider impact of traffic on daily life, I would like to hear them.

The information gathered will help inform my discussions with Hampshire County Council, Hampshire Police and local communities as I continue to champion safer roads and support efforts to make North East Hampshire's towns and villages even better places to live.

The survey asks

- How concerned are you about road safety in your area?
- What type of road safety issues concern you most?
- Are there specific roads or locations of concern?
- Any additional comments?

BDBC LOCAL PLAN SCOPING CONSULTATION 2026

www.basingstoke.gov.uk/scoping-consultation-2026 **to 5pm, 20 November.**

This the first consultation in the new Local Plan process – effectively the 'pre plan-making' consultation and important as it identifies priorities to underpin the Plan. It's akin to the 'Issues & Options' consultation of the old plan-making system.

'It seeks views on a draft vision for the plan, a set of proposed measurable outcomes, and the key issues that should be addressed through future local planning policies.'

It's NOT at this stage about individual sites.

Consultation documents include

1. The actual *Scoping Consultation October 2026* (Q1-5);
2. A Draft *Local Plan Community Engagement Strategy* (Q6), and
3. An *Integrated Impact Assessment (IIA) Scoping Report* from consultants WSP UK Ltd (Q7).

PLEASE NOTE – It's not necessary to consider all the documents or answer all the questions. PLEASE, PLEASE respond to say what is important to you.

For example the Scoping Consultation October 2026 –
Question 2 asks for your views on the KEY ISSUES the Plan should address:

See Section 3, Para 3.27, pages 22 to 23. Question 2 asks

'To what extent you agree or disagree with the key issues identified',

and importantly

'to explain your answer and tell us whether there are other key issues...'

An answer here can be very brief, but important. For example again, if everyone in the borough said that protecting our water resources – aquifers and chalk streams – is very important to them, this is a powerful message to be accounted for.

KEY ISSUES AS PRESENTLY IDENTIFIED INCLUDE

- A deliverable spatial strategy [development strategy] informed by environmental and infrastructure capacity and constraints, including water resource and wastewater constraints
- A low-carbon and climate-resilient borough
- Maintaining the borough's distinctive natural and built character, countryside and settlement identities
- Making effective use of previously developed land and maximising opportunities for urban renewal - including improving housing standards
- Sufficient and diverse supply of homes – providing a mix of housing that supports the specific needs of different groups
- Supporting a strong, sustainable and competitive economy
- Infrastructure-first approach
- Protecting, restoring and enhancing the borough's natural environment and environmental resilience by supporting nature recovery
- Revitalising Basingstoke town centre and Basing View; regenerating Basingstoke Leisure Park.

Harvest at Cliddesden Primary School

The whole school welcomed Rev Jen and enjoyed sharing a Harvest Assembly. The children listened to the story of the farmer and the seeds, and shared their thoughts about the meaning of this parable. The children loved singing their chosen Harvest songs and were very proud of all the food they had brought in to share.

Harvest Sale

The Year 6 children look forward to organising and selling harvest goodies every year. They did a great job of presenting, labelling and handling money too. The Year 5 children were also excited to be helping the younger children shop. All the children had an excellent time shopping. Everyone bought something to share with their families.

The pumpkin competition was very popular as always.

Willow Class enjoyed a spooky day. They made potions, spiders, bats and dressed up. It was lots of fun!

We are now all looking forward to our half term holiday so we will be ready for our next learning adventures.
