100 Club

Hello members

The draw for August was called at the Coffee Morning held at the Hall on 14th August 2023. Here are the winners:

| | | |
|-----------------|-----|--------------------|
| 1 st | 27 | Kym Doel |
| 2 nd | 306 | Joshua Mendelsohn |
| 3 rd | 292 | Liz & Brian Karley |

Congratulations.

Next coffee morning 11th September - come along for good cakes and company. Well stocked second-hand book stall and for those who like to be active – a game of table tennis.

Social and Entertainment Club

Cliddesden Millennium Village Hall

'You'll be sure of a warm welcome and a great evening'

The bar opens at 7.30pm and we start at 8pm. There is an intermission half way through during which ice creams and the bar are available. Admission is only £2 per person.

What we did on our holiday

A British comedy-drama film written and directed by Andy Hamilton and Guy Jenkin. The film, starring David Tennant, Rosamund Pike, and Billy Connolly, was inspired by the BBC show Outnumbered, which gives the screenplay some delightful moments.

Set in a large house on the coast of the Scottish Highlands, a family gather to celebrate Grandad's 75th birthday with a lavish party. The usual family resentments and tensions surface....

The relationship between Grandad and the children is an absolute delight.

Stan & Ollie

Stan & Ollie is a biographical comedy-drama film directed by Jon S. Baird inspired by the British tours of Laurel and Hardy of 1953.

The film stars Steve Coogan as Stan Laurel and John C. Reilly as Oliver Hardy. It focuses on the comedy duo's personal relationship while relating how they embarked on a gruelling music hall tour of the United Kingdom and Ireland.

The film was nominated for many awards including Best British Film and Best Actor in a Leading Role, it was nominated for many other awards.

INSPIRING WOMEN

CLIDDSDEN

On 17th July Alan Grace came along to give us some 'Tales from the Green Room'. Alan explained the history of the Green Room before playing audio clips of celebrities who had been interviewed by the BBC. These included, amongst many, Glenda Jackson, Bob Monkhouse who talked about his obsession with collecting cans of food and Christopher Lee singing, as he had always wanted to be an opera singer. Alan also brought along his photo album showing many pictures of him with the stars. It was a very interesting and enlightening talk which we all enjoyed.

In August Dave and Jenny Levy will be showing us more of his fantastic photos, this time from Gambia. Dave is a wonderful photographer and takes stunning photos many of which have appeared on Meridian and South Today over the years. I will report on this meeting next time.

Next meeting

Monday 18th September at 10.30am

Our 101st Birthday Meeting

'Beeswax candle making'

Speaker: Brian Graham

Non-members of the WI are welcome to come along, join in the fun and have a go at making a candle. Please confirm to me by email or phone by the Friday 8th September if you would like to come so that we can ensure the speaker has enough supplies. There will be a small charge to cover costs.

Hello from Claire!

ENOUGH SAID!

What's been happening?

Garden Visits

Fairbank, Old Odiham Road, Alton 13th June

A rare sunny and beautiful evening, spent walking through a garden that seemed to stretch back for miles.

This is a varied, mature garden, with shrubs and trees making each walkway a different experience.

Acers, ferns, roses, vegetables, and finally a gate to a most glorious beechwood.

Jane and Robin were excellent hosts, happy to talk and discuss the plants, planting schemes, and everything in between.

Thank-you to everyone who came along.

Friday July 21st - Behind The Scenes at Hardy's Nursery

A look behind the scenes at Hardy's Nursery, well known to us for the success they have had producing top quality cottage garden plants.

I unfortunately missed this due to a painful back, however I have it on good authority that the visit was well worth the trip.

We were joined by around 40 members from Candover Valley Gardening Club, with whom we are forging a strong friendship.

Having a tour of the nursery with Lyn as guide showed everyone some of the secrets of their success - Automated systems for potting on - oh the luxury! And controlled watering for the big tunnels.

There is a large variety of perennials available to buy at the garden centre, and at very reasonable prices.

Thursday 13th July – Hosta cuttings and Aeroponics – Johnathan Hogarth

If you wanted to spend an evening being entertained, with free learning thrown in – you should have been at this one!

Johnathan has a bucket load of stories from his experiences exhibiting at Chelsea and Hampton Court, including a right royal slip-up!

However, it is the hostas that are his passion. And the 'mouse' miniature varieties top the list. The plants he brought along were strong, very reasonably priced (and the 3 that I bought are doing well in the border)

On the subject of Aeroponics – it's an interesting concept where young plants are supported in mid-air, and the roots are sprayed with nutrient-rich water. I confess not something I know much about even though Johnathan explained the theory well. Anyone who has tried it – successfully or otherwise – please send me your feedback so I can pass on the information.

Sunday 6th August – SUMMER SHOW

To be honest – I was in doubt as to whether we would have any kind of display this year.

However, as always, our members pulled out the stops, shook off the raindrops, and created a colour mosaic across the hall.

Entries might have been lower than some years, the quality certainly wasn't.

Congratulations to our cup winners: Pat Gould, Pat Doel, Andy Webb, Julia Ross each walking away with one, and Steve Bowcutt with 3. But topping the trophy hill this time was Eddie and Di Rampton with 4.

Our grateful thanks to everyone who took part/made cakes/helped set up, and, of course, stayed to help clear up at the end. Makes life SO much easier.

What's coming up? Last meeting before the AGM!

Thursday 28th September Cliddesden Millennium Hall 'Terry's Favourites' – Terry Baker

As it says in the title 'Terry's Favourites'!

Don't be fooled by the name though – Terry and Mary of the Botanic Nursery are 'Holders of the National Collection of Foxgloves', so I think we are in for a treat. Come along at 7.30 for refreshments, bring a friend, and we look forward to seeing you there.

New members are always welcome, whether you are a keen gardener, or can't tell your pansies from your petunias. Email Steve Bowcutt on stephen.bowcutt@outlook.com to join.

See you at the next meeting.

Happy gardening!

Claire

RURAL CRIME ROUNDTABLE

Dear All

Last year I chaired a Rural Crime Roundtable with Police and Crime Commissioner Donna Jones.

The issue of rural crime and policing has been raised by many of the Parishes I represent. While policing is not a County Council responsibility as such, it is clear that many criminal activities affect our areas of responsibility.

I have therefore asked the Police and Crime Commissioner to visit my Division again and address residents' concerns.

The Rural Crime Roundtable with Donna will be on Tuesday 17th October at 6.30pm in Cliddesden Village Hall.

*County Councillor Juliet Henderson
Candovers, Oakley and Overton Division*

PLANNING APPLICATION FOR A MOTORWAY SERVICE AREA NEXT TO JUNCTION 6 OF THE M3

17/03487/FUL (Validated 02 Nov 2017) Land Adjacent To Junction 6 M3. Construction of a new Motorway Service Area to comprise an amenity building, lodge, drive-thru coffee unit, associated car, coach, motorcycle, caravan, HGV and abnormal load parking, and a fuel filling station with retail shop, together with alterations to the adjoining roundabout on the M3 and slip roads to form an access point and works to the highway. Provision of landscaping, infrastructure and ancillary works.

The Parish Council and all local parish councils are united in opposing this proposal. The application was first submitted by MOTO in 2017 and concerns were expressed over Highway safety. Six years on, the applicant has found means to address issues raised by both National Highways and the County Council Local Highways Authority.

The many environmental concerns cannot be argued away. The impact on the site itself and immediate environment – notably Hackwood Park, Crab Tree SINC & Local Nature Reserve, the Loddon springs and wetlands. (To draw attention to the comment from Thames Water that: 'Failure to enforce the effective use of petrol / oil interceptors could result in oil-polluted discharges entering local watercourses.') Plus the additional foul water and sewage discharge to the Loddon.

BDBC declared its Climate Emergency in September 2019, and Ecological Emergency in October 2021. The Borough Council's new administration is seeking to promote and strengthen its Green agenda.

The application is again open to Consultation before going to the Development Control Committee for decision. Please submit a comment if you have a view on this. The Parish Council will submit a further response reaffirming its opposition, and its view that the high environmental cost of this proposal brings no corresponding benefit to the borough to even begin to mitigate the harm.

GOVERNMENT CONSULTATION ON PLAN-MAKING REFORMS

Levelling-up and Regeneration Bill consultation open till 18th October
www.gov.uk/government/consultations/plan-making-reforms-consultation-on-implementation

NEXT PARISH COUNCIL MEETING

Tuesday 05th September, 7.30pm
in the Village Hall. Everyone is warmly invited to attend.

PARISH PLANNING APPLICATIONS

23/01794/HSE (Pending 19th July 2023) Swallick Cottage Alton Road. Erection of a double garage.

23/00773/RET (Pending 04th April) 2 Coldharbour Cottages Woods Lane. New boundary treatments and hard and soft landscaping.

23/00772/FUL (Refused 10th August) The Jolly Farmer. Retention of public house and erection of a four bedroom detached dwelling (use Class C3) utilising existing access, including associated parking and landscaping, and reconfiguration of the pub car park and beer garden.

22/02233/HSE (Pending 09th August 2022) 27 Southlea. Home workshop, office, playroom; new access and entrance gates. (Scheduled for Development Control Committee of 11th October due to number of objections. Officer recommending approval following amendments.)

PLANNING APPEALS

23/00023/REF (Appeal lodged 04th May 2023) Land South Of Woods Lane. Permission in Principle for the erection of up to nine dwellings. (22/01551/PIP refused by BDBC 23rd March 2023).

23/00002/ENF and 23/00003/ENF APP/H1705/C/23/**3314607** (lead case) and **3314608** (In progress) Faerie Meadows, 14 Hackwood Lane. Appeal against Enforcement notice relating to alleged change of use of the land from agricultural to residential together with associated paraphernalia.

TREE APPLICATIONS

T/00297/23/TCA (Pending 27th July) Old School House, Farleigh Road. T2 Lilac, repollard to 2m height; T3 Yew, tip reduce branches away from building to create 3m clearance; G4, neighbour's Sycamore x2, tip reduce overhanging branches by c3m to open up space and light to rear of property; T5 neighbour's Sycamore, crown lift lowest limb overhanging greenhouse and tip reduce remaining overhang by c3m; T8 Holly, crown lift to 3.5m to take branches away from shed and open up space in corner of the garden.

Floating Rafts of Water Plants on the Village Pond

Finished rafts

In order to improve the pond's water quality, floating islands have been installed on the village pond. These native water plants do not need anchorage in soil. Their presence on the surface reduces the amount of sunlight penetrating the water and keeps the water cooler, discouraging algae.

The root system of floating islands is the home for beneficial bacteria which naturally improve biological processes such as the nitrogen cycle. The root system forms a matrix for absorbing dissolved pollutants and filtering and retaining suspended solids.

Other benefits include: reducing high nutrient levels; offering protection from predators and hiding places for aquatic animals and wildfowl; providing a natural "food larder" for fish and other aquatic creatures; encouraging more invertebrates; enhancing the landscape and providing a "natural" feature to open water.

Over time, the plants will flourish and flower, adding to the pond's attractiveness.

This has been funded by Open Space Improvement S106 funds from contributions from the development at Broadview (Cleresden Rise).

Plants at the ready

Wading in

Hampshire & Isle of Wight Wildlife Trust

We know that England's rarest and richest chalk stream rivers should be gin-clear and sparkling with vitality. Instead, they are clogged and choked by toxic chemicals, fertilisers and sewage. Drought and overconsumption are draining the life out of rivers, with devastating consequences for the wildlife and people who rely on them.

Healthy rivers are vital for our water supply, our food security and our ability to withstand a changing climate but current targets mean our rivers will remain degraded and unhealthy until at least 2063!

'The state of our chalk streams is shocking, which is why this September we are joining with partners across the south of England in launching a new campaign to Save our Chalk Streams'

Do you have stories of rivers near you that are struggling, polluted or have declined within your lifetime? Is there a precious river near you that you want to protect from damage? Are you already taking action to protect and restore your local rivers?

We need your photos and videos for our campaign launch. We want you to tell us your age in 2063, the date the government says our rivers will be healthy and why you think that is too late. If you are already taking action, we also want to hear what you are doing and share your story!

Support our Save our Chalk Streams Campaign

The Government says our rivers won't be healthy until 2063 but we can't wait 40 years to clean them up.

We want to highlight this by asking people to submit their age they will be in 2063 and why they care about our rivers to highlight the absurdity of it taking 40 years to restore our precious chalk streams.

Ahead of the General Election, over 70 environmental charities have joined forces to create a five-point plan for decision-makers. We want to see this reflected in all Party manifestos, to put a stop to nature's decline.

Will you join us? Sign our open letter to Party leaders. Ask them to commit to including these five actions into their manifestos:

- 1. A pay rise for nature** Farmers need greater support to help nature and manage over 70% of UK land. We want to see double the current budget for nature-friendly farming in future.
- 2. Make polluters pay** Business – from companies working in finance to retail to energy – all contribute to nature's decline and should contribute to nature's recovery.
- 3. More space for nature** Just 3% of the land and 8% of English waters are properly protected for nature. We want rapid action to expand and improve protected areas, and ensure public land and National Parks contribute more to recovery.
- 4. A National Nature Service** We want lots of helping hands if nature is to recover quickly and at scale. A 'National Nature Service' would create thousands of green jobs as well as a healthier society.
- 5. A right to a healthy environment** Limited access to nature, and pollution in the air and water, affects everyone's health: An 'Environmental Rights' Bill would drive better decisions for nature and improve public health.

Read the Nature 2030 proposals in full

Want to see a healthy environment, where polluters pay and there's more space for nature? Sign on today using our simple form.

JOIN THE CAMPAIGN FOR NATURE RECOVERY

<https://campaigns.woodlandtrust.org.uk/>

Call on councils to act now and reverse nature loss

PHOTO: Courtesy of 3CG

'Ask your council to declare a nature emergency and restore nature for local people with woods and trees'

'England is one of the most nature-depleted countries in the world. We rank a tragic 228th out of 240 countries on the Biodiversity Intactness Index.

'We are seeing alarming declines and 13% of species are threatened with extinction.

'Yet only an estimated 15% of councils have declared a nature emergency.

'Under the 2021 Environment Act, local authorities must soon produce new strategies for Local Nature Recovery. It's essential these plans are bold and ambitious if they're to create the change we need for nature and people.

'The Woodland Trust's recent report shows the important role trees can and must play in nature's recovery. Trees provide homes and essential food for wildlife. They reduce the risk of flooding, improve air and water quality, boost mental and physical wellbeing.'

'Councils can take effective action now by putting trees back into the places we live, so people and nature alike can thrive on the benefits they bring.

'The nature crisis demands a bold approach. Tell your council to take action today.'

Basingstoke & Deane declared an Ecological Emergency in October 2021. So arguably in this respect is ahead of the curve.

The Woodland Trust suggests a template letter to send to BDBC Leader Paul Harvey via the Woodland Trust website or contact

cllr.paul.harvey@basingstoke.gov.uk

TEMPLATE LETTER

Dear Councillor Harvey,

As a resident of Basingstoke & Deane, I urge the council to take action to restore our local wildlife.

England is one of the world's most nature depleted countries, a tragic 228th out of 240 countries on the Biodiversity Intactness Index. It's not too late to increase and improve habitats across our area and help nature recover.

The Woodland Trust's report, *Trees and Woods in a Nature Recovery*, highlights 10 priorities to help local councils focus their efforts where they'll have the most impact. Recommendations include declaring a nature emergency and embedding native trees and woods into Local Nature Recovery Strategies.

Many local places could really benefit from action for nature's recovery. For example, buffering and connecting our existing woods, retrofitting trees into our housing estates and ensuring 30% canopy cover in new developments.

Bringing nature back with trees will benefit local residents. Accessing green space can make a huge difference for people's mental and physical health. Trees also reduce flood risk, improve air and water quality and so much more.

The nature crisis demands a bold approach. I hope you will do everything in your power to reverse the decline and create a brighter future.

www.woodlandtrust.org.uk/publications/2023/06/trees-and-woods-for-nature-recovery-in-england

Cliddesden Primary School

On Monday 19 June, we had our Sports Day and what a fantastic day it was. The weather stayed fine and once again Brighton Hill Community School provided an excellent venue and the day was well attended by family and friends.

This year we introduced some new events into the day with the houses taking part in team games of scatterball, basketball and rounders. This was followed by field skills-based activities and in the afternoon, we had the popular track events.

All the children competed well and had an enjoyable time. Ellisfield came fourth, Hackwood third, Winslade second and the winners of sports day 2023 for the second-year running were Farleigh House.

Congratulations to our Year 5/6 Cricket team who recently took part in The Basingstoke Schools Dynamo Cricket competition.

We spent a whole day at the tournament playing St Johns,

Fairfields and Merton, winning all three of our games. In the next round we carried on our winning form and beat St Bedes and finally met St John's again in the final game of the day, who narrowly beat us. We finished runners up on the day.

This took us to the final stage, the week after, where we played St Mary's. They were a very strong team and beat us by 150 runs to 77 runs. However, we then played for the third or fourth place and met St John's once again! Time for revenge and this time we beat them to finish the third highest placed Basingstoke school. Another big achievement for Cliddesden.

Our Summer Fete and Family BBQ proved to be a huge success this year. Despite the weather and a very wet set up we managed to smash our totals from last year and raised a whopping £2000 for the school!

There was something for everyone, from old skool games such as hook a duck, lucky dip, welly wanging, a tombola, a KIA car raffle, meet & groom Lilibet the horse, meet the Hampshire Fire & Rescue service and many more exciting stalls. The event ended with our BIG Summer raffle in which there were many great prizes up for grabs such as M&S vouchers (kindly donated by The Property Explorer) meal vouchers for local pubs and tickets for the Discovery Experience at the Bombay Sapphire Distillery. Our raffle raised £550 this year smashing last year's total of £371.

The Friends of Cliddesden Committee would like to thank everyone who took part from the set up, Mr Hemphrey, our ever

helpful caretaker, attendees and all the performers and volunteers manning stalls and our not forgetting sponsors, Snows KIA of Basingstoke and The Property Explorer - it was truly a great afternoon had by all!

On Thursday 6th July, Beech and Willow class went on a coach to Birdworld in Farnham to learn about different birds and where they live in different countries.

First, we went to the toilets. Then we looked at a blue Macaw and then we had a quick look at the flamingos, they were lovely. After that we looked at the tortoises. One was staring at me the whole time. After we found a little shelter and we had our snacks then we headed off to find more birds and other animals.

Next, we saw some penguins then we walked to Penguin Beach. The penguins were inquisitively looking for fish they could eat happily. We had our lunch and we went to the farm. There were goats, chickens, bunnies, pigs and we went to play on an adventure park for a few minutes.

Then we saw the pelicans and some grown ups talked about the pelicans and what they were eating. We saw some emus and another 2 grown ups talked about the emus and the baby one did a funny dance because she was stressed.

Finally, we went back on the coach and we all had an amazing time at Birdworld. We hope we can go back with school or our parents. We were a bit sad going away from Birdworld because we had such a great time.

By: *Mia* (Age 7, Year 2)

Another confident performance by our two Rock2theBeat bands who performed brilliantly to family, friends and our KS2 children.

Oak Class Production:

Star Wars: The Empire strikes back

In a galaxy far, far away, Luke Warmwater and his aunt, Daft Ada, live on their secluded space station, Junction 51. We learn more about Daft Ada - many years ago she lost her young baby Dennis after a visit from Doctor Woo, who came with a remedy for Dennis' star warts. Left to look after her nephew Luke, she and their pet pot plant Gordon live a lonely life. But when Princess Nebula's ship crash lands into Luke's bedroom, they soon learn of the evil Umpire and his dark desire to conquer the universe.

Along with Toby Wonky Nosebleed, Zak Solo and Nigella the Nookie, they follow Princess Nebula, who seeks revenge against the Umpire and is staging a rebellion. Nebula is searching for her father, Basil Oregano, who has left her with a souvenir necklace, which she wears all the time. Aboard the Millennium Penguin, the crew whizz warp-speed through the galaxy to the Umpire's High Tower on Planet Wimbledon.

But first they must find Yoga and learn more about the power of ... the sauce! Luke beams down to learn more from the Jelly Nit Master himself, who lives on Planet Pilates.

Meanwhile, unknown to our heroes, the Umpire is

about to strike back, assisted by Spocky McSpock and the Racketeers!

Our amazing cast went on their space adventure light-years from home. They had close encounters with mad martians, spaced-out Space Rangers and a ferocious pot-plant called Gordon. Did our crazy crew master the power of the sauce to save the galaxy, or was it game, set and match to the Umpire?

A wonderful production full of singing, dancing and superb acting.

To find out more about our school please see our website: Cliddesden.hants.sch.uk

Paula Lavender

We said goodbye to our Year 6 pupils who left us for a well-deserved summer break and then their onward journey to secondary school. Once again, this year's cohort have all achieved so much, not just academically but also, they have shown increasing maturity over the year and have become confident young citizens, ready for the new challenges ahead of them. We gave them a good send-off over the last few days with a very special graduation assembly where we celebrated the children's individual achievements as well as those they achieved as a class. They also had water fight in the playground after convincing me this would be a great reward!

Harvest Family Service

Hear ye! Hear ye! We're having a Race Night!

Saturday, 30th September 2023 – 7.30pm

Old Basing Bowling Club, Bowling Green Recreation Ground,
 Old Basing, Basingstoke RG24 7DA

The Basingstoke Lions Club is venturing into very different territory from its usual offerings of entertainment. £5.00 per person entry fee – but in advance as tickets are limited - will guarantee you the fun and excitement of the races without your needing the skill of studying 'form'.

Feel free to come and squander your hard earned cash - all bets are just £1 and there's no limit to how many £1s are put on a single 'horse', or how many 'horses' are chosen.

As always, fundraising proceeds go towards the Basingstoke Lions Club Charity Fund for meeting local needs – a fun way for 'racegoers', winners and losers, to help meet those needs... thank you!

See you 'at the Races' !
