Cliddesden Millennium Village Hall

Yes, we now have table tennis available at Coffee Mornings at Cliddesden Millennium Village Hall.

Please come along to have a natter and make new friends, browse the second-hand book stall, select some pretty stationery from Penny our stallholder, and of course enjoy a good cuppa and a slice of cake!

The 100 club is also drawn here each month.

And, if you fancy, have a turn at table tennis. We have all the equipment you will need.

We meet on the second Monday morning of each month, from 10.30 – 12 noon.

Our next date is 12th August 2024.

Hope to see you there, all ages are welcome.

WET WIPES IN THE CLIDDESSEN SEWER SYSTEM

On Saturday July 13th a sewage overflow occurred in the centre of the village affecting 2 houses to the south of Farleigh Road. The cellar of one of the houses was flooded by the sewage as were areas of garden and patios of both houses. Thames Water has said that the sewage overflow was caused by a blockage in the sewage pipe between the bottom of Woods Lane and the Jolly Farmer, and that the cause was wet wipes in the system.

Wet wipes are a new problem, the residents of one of the houses have lived in the village for over 43 years and have never experienced this problem before.

Wet wipes should never be flushed down toilets into the sewerage system despite the fact that the package may say flushable or biodegradable.

We appeal to residents, businesses and their employees, customers and visitors, to dispose of wet wipes responsibly.

CLIDDESSEN

The ladies of the WI travelled to the Avenue Garden Centre in Lasham for Afternoon Tea, the food and the conversation were very enjoyable. We discussed a kind invitation from North Waltham WI to their meetings in September and October and two of our members will be joining their meeting for two very good speakers.

For our August meeting we will be enjoying a morning at the Movies, with popcorn and ice-cream in the interval. We have another afternoon tea planned for our September meeting to celebrate our birthday where the members will be providing the food and enjoying some entertainment (tbc).

We would welcome new members. Cliddesden WI is over 100 years old and we want to ensure the group is still here for the next generation of women.

If you are interested in joining please contact Julia Ross at cliddesdensc@hamsphirewi.org.uk.

Thank you

The Lost King

The Lost King is a 2022 biographical film directed by Stephen Frears.

It's the true story of the search for the grave of Richard III under a car park in Leicester, initiated by Philippa Langley (played by Sally Hawkins) to find King Richard III's remains, and her treatment by the University of Leicester in claiming credit for the discovery. Also starring, Steve Coogan and Harry Lloyd.

The film is a suitable replacement for "The Dig" which we were unable to show.

Please come along no matter where you live, bring as many friends and neighbours as you like.

“The 13th Floor”

The Cliddesden Players certainly had a smashing time (literally and metaphorically!) in their summer show on 28th and 29th June. It was another resounding success, so many thanks to our wonderful audiences who laughed and clapped so enthusiastically!

Confusion over the non-existent 13th floor, a very slow lift, the Hotel Manager panicking about his hotel's reputation as dead bodies piled up in front of the reception desk and a spoilt rock star with a psycho stalker was not a normal day for the Grand Central Hotel. Hysterical guests were struck over the head by vases and a falling chandelier suddenly ended the rock star's career, as the staff gradually lost control of the situation.

Don't worry, the vases were not made of glass but Isomalt, a synthetic sugar product and were expertly made by Jack (the Bellboy). And the chandelier was card!

Of course, huge thanks must go to our own Emily Golborn for her very funny, fast-moving script and to the Players for their superb timing, dashing in and out of doors and lift.

Our audience programme donations for St Michael's Hospice totalled £100.24 – thank you for your generosity.

Our overall play profit totalled a massive £2896.76, a record for a summer production! We were very lucky that the sun shone, so the Pimm's flowed and ice-creams flew out of the freezer! Many thanks to all our Helpers and the great Saturday BBQ crew, we couldn't do it without you.

Enjoy the rest of the summer! *The Cliddesden Players*

Cliddesden Wine Walk 2024

And so, like Glastonbury, the Cliddesden wine walk returned after a fallow year. And what an event it was! More than 80 tickets sold (I think a record for us), so there was already great support for the event.

The day itself started with the now-characteristic summer rain, which continued into the early afternoon. Undeterred, our intrepid hosts were unfurling bunting, sweeping patios, laying out tables and dusting down gazebos ahead of the start. The theme this year was France and the Olympics in Paris for our “bons viveurs”.

There was just that small matter of the England v Switzerland Euros quarter final starting at 5pm. As it was the quarter final inevitably drifted to extra time and penalties with the England victory resulting in a surge of guests venturing out around 15 minutes after the normal start of the wine walk. Although the football result was never in doubt, the celebrations nonetheless added to the conviviality of the evening, and the sun was out to cap it all off.

We had some lovely cheeses, dips, baguettes, coq au vin and all sorts of other Gallic-inspired foods to accompany the reds, whites, Rose and Kronenbourg. We also spied a replica Eiffel tower in one of the gardens, glittering until late in the night!

Our thanks to all the hosts and those brought in to help the hosts, the ticket sellers and all those who enthusiastically participated. We made a fantastic profit, all going to the well-deserving St. Leonard's church funds.

Roll on the next one! If you would consider being a host, we are always looking so do get in touch, we typically look to stage the event in the first or second week of July.

NOTES FROM THE PARISH COUNCIL JULY MEETING

County Councillor written report:

Future Services Consultation:

Decisions on proposals for 'Future Services Provision' are postponed until later in the year due to the General Election and 'conventions around making significant decisions during an election period'.

Ward Councillor written report:

A full Environmental Impact

Assessment (EIA) has finally been required from MOTO for its proposed Motorway Service Area at M3J6.

Local Plan Update Reg 18

consultation responses are being evaluated by officers. Aiming for Reg 19 Draft Plan publication at the end of the year; a tight timescale in order to continue to keep the four years housing supply requirement; BDBC can presently show a 4.2 year supply.

PCSO Andy Jones updates – see right

Cliddesden's Neighbourhood Plan

is scheduled for formal adoption at BDBC Full Council meeting of Thursday 18 July.

The CNP be found on BDBC website: www.basingstoke.gov.uk/CLIDNP

The Parish Council recorded its thanks to the NP team on this achievement; for all the organisation, hard work and time volunteered.

Planning applications must now be considered in terms of the Policies of the Adopted Neighbourhood Plan.

Local Plan Update To confirm housing numbers are counted from approval of planning permission, be it Full, Outline or in Principle. The count for BDBC Monitoring Reports is made from 01 April each year.

To note recent 'Call for Sites' for Gypsy and Traveller sites.

Comic Roots festival No update received since the Parish Assembly discussion. The 08 May (v1.3) Traffic Management Plan (TMP) then indicated the route of shuttle buses from Basingstoke station would be through Cliddesden. It is understood further talks are ongoing with the Hampshire Highways team; noting that the TMP is not generally a public document; it is for the Highways officer on the SAG (Safety Advisory Group) to ensure Highways' safety requirements are met.

POLICE UPDATE

02/07/2024 – 'The Cliddesden school car park is an area that Police are trying to concentrate on due to recent suspicious incidents and criminal damage. Police received reports that a gate has been driven through by persons wearing balaclavas. This area was the default location for Estate security which helped reduce this type of behaviour; unfortunately it comes as little surprise things are now picking up. Police are aware and trying to be in the area when possible and shifts allow.'

20/06/2024 – General: 'Theft from vehicles has taken off again now the sun has finally arrived. Cars left in areas popular for walking etc are being targeted. General advice is do not leave anything in your car even if it is an empty bag. If you have a parcel shelf it is worth considering removing this while parked. Boot windows have been smashed in order to look under the parcel shelf in case of anything left hidden in there.'

'Any index numbers of suspicious cars would be very useful to Police.'

Please report: call 999 for a live incident, otherwise 101 or online to www.hampshire.police.uk/ro/report/

Finance – Internal audit completed on 27 June; signed forms submitted to external auditor BDO LLP.

Grant funding – County Cllr devolved budget and Ward Cllr Community Grants budget open for applications.

NEXT PARISH COUNCIL MEETING
TUESDAY 27 AUGUST FROM 7.30PM
(a week earlier than usually scheduled)

Council leader Cllr Paul Harvey is again to visit the Parish, this time to discuss the borough council Budget and Council Plan. Whether this can be for the August meeting is still tbc, will let everyone know as soon as possible.

Pond pathway feedback – This surfacing material is available only in one colour, will weather in. To be earthed up against the edging so concrete not visible. This to be done in conjunction with removing silt from pond as it dries. The bench was removed to make way for the path edging and will be reinstated asap.

Pond floating islands vegetation is maturing and looking healthy.

Public footpaths Noting update from HCC Countryside Services that they no longer have a proactive footpath cutting schedule. County work instead 'will involve a combination of programmed works and responsive measures to address reported issues'.

Speed reduction measures proposed by the Parish Council for Woods Lane from the edge of the village to the M3. County Councillor Juliet Henderson has confirmed she is supportive and has raised the request to Highways; awaiting response.

Speed indicator device (SID) data reports indicate that speeding traffic is increasing through the Village. To submit the data report to Police and to PCC Donna Jones.

Neighbourhood Watch Citing PCSO Andy Jones' report, to request all residents be vigilant and please report anything suspicious to the police. It was also noted that young drivers are speeding up and down the Farleigh Road into the Village.

Again please report all instances to the police. They will only take note if they know this is happening.

Defibrillator proposal for the Village Hall supported by all; suggestion to then decommission the old defibrillator located in the phone box.

The PCC writes: 'By hearing from you, I can develop policies and initiatives that resonate with the unique needs of where you live.'

'Each pledge in my new Plan will be designed based on direct feedback from you.'

'Your views will form the bedrock of my new Police and Crime Plan which is why I want to hear from as many people as possible.'

Consultation results will be published in the autumn.

Proposed Motorway Service Area M3 J6

17/03487/FUL (Validated 02 Nov 2017) Land Adjacent to J6 of the M3
Construction of a new Motorway Service Area (MSA) to comprise an amenity building, lodge, drive thru coffee unit, associated car, coach, motorcycle, caravan, HGV and abnormal load parking, and a fuel filling station with retail shop, together with alterations to the adjoining roundabout on the M3 and slip roads to form an access point and works to the highway. Provision of landscaping, infrastructure and ancillary works.

After almost seven years, it seems that a decision is soon to be made on this application, with a new consultation launched:

CONSULTATION ON ENVIRONMENTAL IMPACT ASSESSMENT please respond

Moto has finally been required to submit a full Environmental Impact Assessment (EIA) after years of ongoing pressure. Planning must take into account statutory designations, and the designation of Crab Tree Plantation as a Local Nature Reserve added some weight to the argument that environmental risk be fully examined. The EIA produced for Moto seeks to show that environmental impacts can be mitigated.

Please make a response and contribute your views, the closing date for consultation (on going to press) is 07 August.

A consultation response from the Environment Agency submitted December 2023 says that:

'As already noted, this is a sensitive location being a principal aquifer with shallow groundwater conditions. It is unlikely that SuDS (sustainable drainage system) proposals which include infiltration would be appropriate in this location due to the nature of the development and the local environment... Taking account of the groundwater sensitivity, the recent Local Nature Reserve designation and the passage of time, we consider it would be appropriate to seek that the applicant produce a Hydrogeological Risk Assessment (HRA) to consider not only surface and foul drainage proposals but all design features of the development. ...given the sensitive location we advise that the proposal does have the potential to significantly impact the environment.'

Consultation responses from Thames Water include that:

'Failure to enforce the effective use of petrol / oil interceptors could result in oil-polluted discharges entering local watercourses.'

'TW has identified an inability of the existing foul water network infrastructure to accommodate the needs of this development proposal.'

Winslade Parish Meeting has commissioned a Hydrogeologist to consider Moto's EIA. A detailed letter from Winslade is reproduced on the Cliddesden Parish Council website. Their points include:

1. **The MSA is proposed for a sensitive site where groundwater feeds the River Loddon 'a principal aquifer with shallow groundwater conditions'**
2. **Likely contamination of the aquifer, despite mitigation proposals**
3. **The SuDS (Sustainable Drainage System) proposals are inappropriate as they include infiltration to ground water**
4. **Ongoing risk of oil-polluted discharges entering groundwater and local watercourses with potential for major oil spills from fuel tanks**
5. **Limited allowance for climate change and extreme weather events**
6. **Additional sewage discharge to the Loddon**
7. **Proximity of Grade I listed Hackwood Park and recently-designated Black Dam and Crabtree Local Nature Reserve (LNR)**
8. **Significant light pollution and its impact on local bat colonies**
- 9 **Visual impact on the surrounding area, including the LNR.**

Please submit a response to the consultation via the BDBC website, by email to planning.comments@basingstoke.gov.uk, or by post to the case officer, Nicola Williams, Basingstoke & Deane Civic Offices, London Road, Basingstoke RG21 4AH, citing the case reference **17/03487/FUL**

Voluntary Carers - Drop in Support sessions

The PPG in conjunction with the Surgery recently hosted two Drop In Support sessions for Voluntary Carers at St. Andrews and Gillies surgery sites. The sessions were advertised on-line and via texts sent from the surgery. Both were an outstanding success and well attended.

The sessions were busy, and the PPG worked with the practice to provide support for unpaid carers by providing a listening ear and offering resources and information, directing carers to practical support, local groups, and benefit checking services.

Many unpaid carers were unaware they could register with the practice as a carer and that they and the cared for person were entitled to a needs assessment by Hampshire County Council Adult Services, and that they could pre-register for an emergency respite care system.

All the information that was available at the drop in sessions is also online with a carers checklist to guide people through the support process on our website Self Help area, listed under 'Carer Support'.

Stay Protected this Summer - Never let your skin burn.

The British Association of Dermatologists (BAD) has this advice.

Slip on a Shirt - Protect your skin with clothing, wear a hat that protects your face neck and ears and a pair of UV protective Sunglasses.

- Step out of the Sun - before your skin has a chance to redden or burn.
- Keep babies and very young children out of direct sunlight.
- When the weather is warmer spend time in shade between 11am and 3pm.
- Slap on Sunscreen. When choosing a sunscreen look for High Protection SPF (Minimum SPF30) and UVA star rating of 4 or more which can prevent skin ageing and sun damage.
- Apply plenty 15 - 30 minutes before going out in the sun and re-apply every two hours and after swimming and towel drying.

Most Skin cancers can be treated if detected early. The best way to check for skin cancer is to carry out regular skin self-examinations (SSE). The BAD recommends you examine

your skin regularly, ideally once a month. Early detection can help to reduce the risk of developing a larger, more serious skin cancer.

You should be looking for :-

- New skin lumps, spots, ulcers, scaly patches or moles that weren't there before
- Marks (including moles) on the skin that have changed shape, colour, texture or size
- Sores that do not heal
- Any areas on the skin that are itchy, painful or bleed

BAD also recommends the ABCD-Easy rules which are an easy way to remember how to check for changes that might indicate a melanoma.

- Asymmetry – the two halves of the area may differ in shape
- Border – the edges of the area may be irregular or blurred, and sometimes show notches
- Colour – this may be uneven. Different shades of black, brown and pink may be seen
- Diameter – melanomas will progressively change. If you see any mole, or 'mole-like' mark getting bigger over a period of weeks to months, tell your doctor.

Expert – if in doubt, check it out! If your GP is concerned about your skin, make sure you see a Consultant Dermatologist, the most expert person to diagnose a skin cancer. Your GP can refer you via the NHS.

As skin cancers vary, you should tell your doctor about any changes to your skin, even if they are not like those mentioned here. In depth information about checking your skin can be found by searching Skin Cancer Prevention can be found on our Self Help Pages on our web site listed above. Much more about other Self Help and Referral items can also be found here.
